

An Evening of Praise and Thanksgiving With
Caedmon's Call

*Joining CHCS on November 14, 2008
at Hudson Community Chapel*

Caedmon's Call has sold over a million units of its 14 records to date, but has always been more of a community itself than a band. The band is a longtime promoter of missional living, through their longtime partnership with Compassion International, and more recently with the Dalit Freedom Network, an organization fighting caste discrimination in India, and the band's own Share The Well Foundation.
